MEMORANDUM FOR: CIA Records Administration Officer

Lou:

I believe it would be of interest to all of us to review the relationships between our records administration and all other Government agencies. In a recent memorandum you mentioned one of the applicable laws; also we have been asked to comment on GSA regulations on the subject.

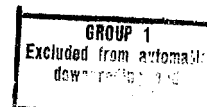

An item of particular interest is the possibility of a large amount of space set aside by GSA for storage of records of USIB member agencies. What happens to the protection and control of sensitive and highly classified documents if they are stored in a GSA warehouse?

Will you please include this subject in your first quarterly report of the Records Administration Staff.
